Particulars of the Capture of the Steamer Virginius.

HAVANA, Nov. 6.—The following particulars of the capture of the steamer Virginius has been received from Santiago from the Tornado, which has been searching for the Virginius since her attempted landing on the south coast of the island, and came in sight of her at 2:30 p. m. of the 31st ult., and immediately gave chase. The filibuster put on all the steam and made for Jamaica, hoping to find refuge in the British waters. In her flight, she threw overboard several horses, and used a portion of her cargo for fuel, but the Tornado caught up with her at 10 p. m., near the Jamaica coast, and she surrendered with all on board, not one of whom escaped. Among the prisoners are the well known insurgent chief, Bembetta, who was reported killed a few days ago, a brother of Cespedes, a son of Queseda, Senor Jesus Del Sol and other important personages. The prisoners have all been brought before a competent tribunal at Santiago, and are now being tried as pirates. Great rejoicing in Havana, the streets and houses are decorated with National colors. Subscriptions are being raised for testimonials to the officers and crews of the Tornado.

Legalidad, the leading organ of the Republican party, to-day publishes a letter addressed to Captain General Jawellar, protesting against the attacks of the Conservative press.

Suspension of Work in Kentucky.

The cement mills will shut down to-morrow, having large stocks and light sales. The iron moulders belonging to the Unions have refused to accede to a reduction in wages, and Lithgon & Co. will discharge 100 men and close their foundry. The Louisville rolling mills have stopped work and many establishments are running at reduced wages, and others will close when present contracts are completed. There will be a large number of operatives thrown out of employment.

Excitement in the French Chamber of Deputies.

PARIS, Nov. 6.—The Deputies of the Right warmly cheered McMahone's speech and moved a ten years' term. A Bonapartist Deputy moved that the people decide on the fourth of January. Goulard demanded that the motion of the Right be declared urgent. Duke de Broslia supported the motion of urgency. The motion of the Right was finally declared urgent by a large majority for the declaration for urgency. The motion of the Bonapartist was duly defeated.

Tom Scott All O. K.

PHILALELPHIA, Nov. 6.—The numerous rumors in relation to Vice-President Scott of the Pennsylvania Railrod has induced inquiries from an official source, and we learn that all stories afloat are without the slightest foundation. The Boards of Directors have had no action on the declaration of dividends, but meet to-morrow for a decision of that question.

The Knoxville Railroad Difficulty—Both sides Hold Out—A Resolution of the Directory.

KNOXVILLE, TENN., Nov. 6.—No adjustment as yet between the East Tennessee, Virginia and Georgia Railroad and striking employees. The Company got a train of fifteen loaded freight cars from Knoxville to Bristol to-day, being the first freight moved on this line from Bristol to Chattanooga, two hundred and forty-two miles in six days. The Company still refuses to receive freight. The strikers made no attempt to stop the train, but sent a committee of three men on the engine to prevent the companies master mechanic who was acting as engineer from placing any non-society engineers in charge of the engine. The mail trains run regularly. The men are quiet but determined. The Company is firm. The Directory met this afternoon and adopted unanimously the following resolutions:

Resolved, That the Board of Directors of the East Tennessee, Virginia and Georgia Railrod Company, that an order promulgated by Capt. Joseph L. Jaynes Superintendent and Vice-President, dated October 30th, reducing the salaries and wages of officers and employees of this Company was imperatively required in view of the greatly reduced income of the road and as regards said order, we cordially and unanimously approve the same.

Resolved, That we claim in behalf of the Superintendent and Vice President the right to regulate wages of his appointees and subordinates, conceding the full and perfect right of the employees to accept or decline on terms proposed.

The Knoxville and Ohio Railroad employees having struck against a reduction of wages the company has temporarily ceased all trains.

Representatives of twenty Southern railroads met in Chattanooga and unanimously adopted a resolution affirming the justice of any reasonable reduction of wages by Companies, recognizing the right of any employee to refuse to work for wages offered, and condeming in the strongest terms as unjustifiable and indefensible all combinations for the purpose of resisting the rightful authorities of any Company, by interfering with, or attempting to intimidate or injure others that are willing to work for wages offered, and pledging each other in no case to employ any one discharged on account of insubordination or combination to stop the operations of any road by intimidation or interference with others willing to work, and promptly to inform each other by printed circulars of all such combinations with the names of parties engaged. All Railroad Companies are invited to cooperate.

The Coal Mines, Coal Creek and Carryville Miners are on a strike against the employment of non society men. The miners are boisterous. A train from Carryville last night going to Coal Creek encountered obstructions on the track, placed there by unknown parties. The engineer discovered the obstructions in time to avoid an accident.

Financial and Monetary—Important Meeting of the New York Chamber of Commerce—A. A. Low on the Situation.

NEW YORK, Nov. 6.—The associated banks hold $21,000,000 of legal tenders.

Foreign gold received at the Assay office since October 6 is nearly 2,000,000 pounds.

At a meeting of the Chamber of Commerce this evening, a number of tabular statements, showing the amounts of the different products of the United States, and the necessity of increased facilities for their transportation, was presented by Samuel Rugdes. The tables were ordered to be printed and copies transmitted to the Senatorial Committee on transportation.

A paper on the late financial crisis and the present stringency and want of confidence in financial circles, was presented by A. A. Low, in which he recommended that in view of the present situation and what may follow, that the Chamber should respectfully ask Congress, when it next convenes, if need be, to cause the purchase of United States bonds to be stopped, and to apply the gold reserve to the redemption of Treasury notes, reserving the power of re-issue.

The Burning of the Steamer Bavarian on Lake Erie—Escape of the Passengers and List of the Missing.

TORONTO, Nov. 6.—The steamer Bavarian of the Royal Mail Line, bound from Hamilton with six cabin passengers, took fire about 8 o'clock last night fourteen miles from the shore, opposite Oshawa. The fire broke out in the centre of the boat near the engine, and the flames spread with great rapidity. Three boats were immediately lowered, and one of them went adrift and was lost. The passengers and crew got into the other boats, one of which contained nine persons, including the pilot, ladies' maid, and seven of the crew; the other boat contained 13 persons, including the first and second mates, Purser and two passengers, a boy named James Clare, a Mr. Parmenter, of Toronto, and five of the crew. Both boats reached the shore in safety. There are fourteen persons to be accounted for, including Capt. Carmichael; Mr. Tennican, Chief Engineer; Wm. Spence, the Steward, and three lady passengers, Mrs. Hubbard and daughter, of Brockville, Miss Ireland, of Kingston, and Mrs. Weir, of Chatham. These were not able to get into the boats.

Samuel N. Felton 'all Safe' on the Panic—Suspension of Ten Mills at Manchuck—Others on Reduction of Time and Wages.

PHILADELPHIA, Nov. 6.—Samuel N Felton is not an endorser of the California and Texas Construction Company's notes, nor of any other company or individual notes.

Ten mills of various kinds at Manchunck, have suspended operations entirely. They usually employ 1,750 hands. Another mill, employing 500 hands, is running three days in the week. Others are running on three-quarter time. Gen. Patterson's mill, with 500 hands, is running full time at a reduction of 15 per cent. in wages.

The paper mills are all running on full time and will continue until navigation ceases.

The Investigation of A. & W. Sprague's Affairs.

PROVIDENCE, R. I., Nov. 6.—At a meeting of the creditors of A. & W. Sprague's Manufacturing Company, Hon. Amos C. Barston was made Chairman. A communication was read from the debtors Attorney, that with the extension they could pay all and retain the print works with probably other manufacturing property, pledging their utmost efforts to that end.

A Committee of five from the meeting was appointed to confer with the Spragues.

Thurston, the Attorney for Sprague, stated that Sprague's whole object was that the property should be devoted to the payment of his debts, and that the trustees appointed should be friendly to the house, only so far as that after the debts are paid, the property shall not be dissipated. It was important that the appointment of this Committee should be such that it would be impossible to say anything was intended except what was for the good of all parties.

It was voted that the Chairman should name the Committee.

The French Assembly.

PARIS, Nov. 6.—The Assembly to-day unanimously re-elected Buffett as its President. The entire Left rising as the vote was announced. Thursday next was assigned for the debate on the interpellation. The Left has been given a majority in 6 of the 15 Assembly.

A new motion for a plebiscite on the form of the Government is to be introduced, and will be supported by many Republicans.

LOCAL BRIEFS—

The weather yesterday was not altogether pleasant—not cold enough for a fire and not pleasant without it.

Dr. J. B. Beckwith, of Smithfield, Johnston county, one of the most prominent lights of the medical profession of North Carolina, was in the city yesterday.

The different boarding houses in the city would do well to advertise in the columns of the NEWS at present, as they are read by every member of the Legislature.

Andrew Syme, Esq., General Agt. for this State, for the Gaurdian Mutual Life Insurance Company, of New York, has just paid a death loss of $2,000 to the estate of the late Joseph Moran, of Edenton. The losses in this company are always promptly settled.

CITY PROPERTY FOR SALE.—By reference to advertisement in another column, it will be seen that Mr. J. A. Jones desires to sell his new residence and store on Hillsboro street. This is desirable property and situated in a good portion of the city.

DONATIONS TO THE OXFORD ASYLUM.—G. Rosenthall, Esq., manager of the Forestville Paper Mills, has received the following cash donations for the Oxford Orphan Asylum during the past three days: Messrs. Brantigan & Watson, New York, $10; Sellers & Bros., Philadelphia, $10; Dillon, Ellitt & Co., Richmond, $5.

HARP'S CARAIAGE MANUFACTORY.—We yesterday visited this gentleman's establishment, went through the different departments, and carefully examined the material used by him in the manufactory of his work, and we can confidently say that at no other place, North or South, can better work be done. His material is of the first order, and in his establishment Raleigh has something of which she can justly boast.

THE FRANKLIN STEAM WASHER.—In the report of the Awarding Committee at the late State Fair, P. S. Smith was awarded the premium and diploma for the Franklin Steam Washer. Mr. Pleasants being confined to his room by sickness, employed Mr. Smith to look after his interests on the Fair Ground, hence the mistake. The premium was awarded to Messrs. Barrow & Pleasants, of Louisburg, for the best steam washer, and there was no article on exhibition that merited a premium more than this valuable machine.

MAYOR'S COURT—*Thursday, Nov. 6th, Before His Honor, Mayor Whitaker.*

Joseph Ragland was arraigned for a violation of the city ordinance in opening a dance house without applying for and paying license for the same.

Officer Friday Jones, while on his beat in the Western Ward heard the sound of the fiddle and the heel upon the floor in the direction of "Hayti," and proceeding to the sound of the music found Joseph at the door, who informed him he had taken in fifty cents in currency as door fees, the object of his ball being to raise funds for the purpose of paying his house rent. Joseph was required to pay the license in such case, $10, and allowed to depart the Court.

Jonas Medlin, the Mayor of Rhamkatte, answered to the charge of being drunk and disorderly on the streets. By permission of His Honor, the Mayor plead his own defence in his usually feeling and touching style. In consideration of his penniless condition, he was allowed to *vamose* by giving security for the usual fine.

Sam Haywood, col., answered to the charge of permitting a nuisance to remain on his premises after being officially notified to remove the same. The chief of police was ordered to report the number of days the nuisance remained after notification and $5 per day was charged against the defendant.

During the proceedings of the Mayor's Court, and while the trial of the Mayor of Rhamkatte was pending, the Mayor of the city was the recipient from an itinerant dealer in a patent double compound extractor of oils, "and sich," of a bottle of his fluid, which our Mayor gracefully tendered to His Honor, on trial, in a few neat and appropriate remarks.

CHARITY BEGINS AT HOME.

NUMBER 7.

Hells-Half-Acre was the original appellation given to that section of the city of Raleigh bounded on the west by the North Carolina Railroad and Dawson street, and extending a block on both sides of Lenoir street, east, as far as McDowell street. But such has been the growth of this locality in population and buildings, that it is now daubed

HELLS-ACRE-AND-A-HALF.

As its name would imply, the character of this delectable spot, is anything but creditable to the dignity of our metropolitan city. There are but few houses in Hells-Acre-and-a-Half but what are occupied by the most abandoned and depraved women of both colors. The destitution here, which is truly alarming to behold, we are free to admit, proceeds from vice and wickedness, yet there are many cases where charity could be applied to the relief of suffering humanity, one or two cases of which we have in our mind's eye.

The circumstances attending the death of the poor woman, Georgia Proctor, and the recital of the harrowing details would undoubtedly show that the application of only a small charity fund would have greatly relieved the agonies of her death-bed. Her condition was reported to a minister of this city too late for either her temporal or spiritual good, and on his visit, he remarked to the assembled women around the bed-side of the dying, that it was too late to render service to the poor expiring unfortunate, but it was a fit season to call the attention of those that were hastening on the same end, to this death-bed scene and its cause. There were probably those around him who heard, for the first time since their life of shame and degration, the voice of a minister, and who knows but some word uttered by this good minister may be the means of reclaiming from the depths of vice and depravity one of these miserable creatures. But we are again deviating from our path. We only propose to state facts and leave it for others to comment and devise means accordingly.

In our visit through this section we found the destitution fully equal to that of others heretofore reported; and to single out and mention in detail some of the cases would be almost a repetition of the same thing.

We will therefore leave that portion of our snbject and refer to what is being done by our citizens to provide for the destitute and the erring.

THE YOUNG MENS' CHRISTIAN ASSOCIATION

having been thoroughly re-organized and re-animated with renewed and increased zeal in their noble work of charity, is appealing for aid and support, and we are glad to know receiving substantial encouragement. Donations both in cash and kind, are ready reported on hand for distribution.

The well-known and deservedly popular Operetta Troupe, the Tremaine Brothers, whose attention was called to the destitution of the poor by our articles, generously offered to give a benefit at Tucker Hall on Tuesday night, the proceeds to be applied to the fund of the Association. From the well-known high character of the entertainments given by this troupe, it is reasonably supposed that several hundred dollars will be realized from this source.

THE LADIES RELIEF SOCIETY

of the Episcopal Church are also being encouraged in their good work by handsome donations from private sources, which we hope will continue, that these good ladies may be able to prosecute the work. In our 'rounds' we have seen the result of their labors, and we know they are doing much to alleviate the sufferings of the poor. They are still in need of funds and it is to be hoped that our citizens will hearken to the appeal of the society for donations.

THE ST. JAMES' RELIEF SOCIETY,

organized since the penning of our articles by the congregation of the Catholic Church through the efforts of Rev. J. V. McNamara the Pastor, is also flourishing under the will and energies of the officers that control it. That this Society will be a power in the cause that necessitated its organization, there is no reason to doubt. The Catholic Church is noted for the efficiency of her charitable societies and the good deeds they have performed, and we know that the St. James' Relief Society will not fall short of what is expected from it.

All that is required to render the above named Societies, all of which are the creatures of the Church, effective for good is the proper support that should be given them by our people. Can we doubt that support? When we reflect upon the promptness of our citizens in answering to the calls from Chicago, Boston, Shreveport and Memphis, we cannot believe they will turn a deaf ear to the cries of our destitute and suffering at home.

We have drawn no fancy sketch in detailing the woe and misery at our own doors, but dealt in solid facts, facts, that are patent to other observers besides us. We did not color these statements for the purpose of playing upon the sympathies of our people. They are stubborn, stern facts and as such should be dealt with accordingly. The Relief Committees are in the field ready for duty, but not armed and equipped as necessity directs. Will you arm them for the conflict? We believe you will.

A GOOD IDEA.—The Forestville Paper Mills Company has rented the store now occupied by W. H. Jones & Co., on Fayetteville street, for next year, where they will open a city office for the delivery and sale of their goods. This arrangement will not only prove a great convenience to their patrons in this city, but to many of their patrons abroad.

NOT SERIOUS.—The injuries sustained by the little son of Dr. Chas. E. Johnson by being run over by the carriage of Col. J. M. Heck, Tuesday evening, we are glad to say, proved only slight, and he is now up and about.

RALEIGH AND THE PANIC.—The *Era*, in its issue of yesterday, contains a very sensible and well written article on the crisis, in which it truthfully says:

"There is no panic in Raleigh, nor has there been. There is a crisis of low prices which stagnates trade and seriously impedes the progress of business. But the confidence always hitherto existing between our farmers, merchants and bankers, has remained undisturbed, and to-day is as perfect as the harmony and identity of their interests have ever been complete."

The large amount of cotton that is being received by our merchants in this city, and published daily in the commercial report of the NEWS, does not indicate that the cotton is sold at present prices. The cotton is shipped to our merchants, upon which a liberal advance is made, and the cotton is held subject to the farmer's order. By this liberality on the part of the merchants, farmers are enabled to supply themselves with enough currency for pressing needs, and thereby relieved from the necessity of sacrificing their cotton at ruinously low prices. The merchants are backed and supported by the city banks, which are strong and unshaken, and everything works smooth and harmoniously. Our banking officers deserve great credit for the aid and assistance they have and are rendering the merchants and farmers, who have, from the first and to the last, manifested the most unbounded confidence in the firmness and ability of the banks.

The following, from the same article in the *Era*, we also endorse:

"And instead of locking up the little money in the community and the State, every dollar that can be should be deposited in the banks, so as to make up as far as possible the want of currency by free and rapid circulation. No one need have any fears of our banks. The characters of W. H. Willard and Charles Dewey; John G. Williams and Samuel C. White; W. E. Anderson and P. A. Wiley, and G. W. Brodie are better safe-guards for money than any private lock in the country. And the same is true of all the bank officers of the State."

EXECUTIVE COMMITTEE OF THE STATE AGRICULTURAL SOCIETY FOR 1874.—President T. M. Holt was in the city yesterday, and appointed the following gentlemen as his Executive Committee for the ensuing twelve months:

Dr. W. J. Hawkins Warren, county, N. C.
Gen. R. F. Hoke, Wake county, N. C.
John G. Williams, Wake county, N. C.

W. G. Upchurch, Wake county, N. C.
Col. Jos. J. Erwin, Burke county, N. C.
Hon. Wm. A. Smith, Johnston county, N. C.
Col. S. L. Fremont, New Hanover county, N. C.
Hon. Wesley Whitaker, Wake county, N. C.
Capt. A. B. Andrews, Wake county, N. C.

Messrs. P. A. Wiley and R. T. Fulghum, the Treasurer and Secretary, were made *ex officio* members of the Committee.

Vice-Presidents from each Judicial District will be announced before the 1st of January next.

THE DANCE-HOUSE NUISANCE.—By reference to our Mayor's Court proceedings it will be seen that the police have brought to grief one of the dance-house proprietors of "Hayti," in the Western Ward. We have before alluded to the existing nuisance, and we are glad to see that the night police are heeding our suggestions, and conferring a great favor on those of our citizens who are kept aroused all night by the noise and din proceeding from those pests.

In certain localities, generally near the suburbs of the city, these houses are in running order every night, and for squares around people who are compelled to work in the day and must sleep at night, are deprived of that repose necessary for the rest of the body, by the demoniac yells, shouts and huzzas of the drunken motly crew that patronize those low and vulgar resorts of pleasure. In commending the action of the night police for their interference in the case referred to, we ask a continuance of the good work commenced. Break up these pest houses, and you will not only win the plaudit of "well done, thou good and faithful" from the city fathers at the end of the quarter for which you were elected, but the thanks and good wishes of the working people of every portion of the city.

THE CONCERT AT TUCKER HALL TO-NIGHT.—The concert of the Sextette Club at Tucker Hall to-night for the benefit of the Oxford Orphan Asylum, promises to be one of the finest musical treats of the season, and considering the noble object to which the proceeds are to be applied we may reasonably expect to see the hall crowded beyond its capacity. We would be glad to see (and believe it is eminently due by our citizens) the efforts of the young gentlemen composing the club to get up a first-class, chaste entertainment, encouraged by a general outpouring of every body to Tucker Hall this evening. To avoid the rush at the door, the managers have placed at the various book stores tickets of admission. The diagram of the hall is at Branson's book, store where reserved seats can be taken.

HALIFAX COURT.—The fall term of the Superior Court for Halifax county convened on Tuesday, Judge Watts being absent on Monday. His Honor's charge to the Grand Jury was the richest treat we have yet heard from him, being a dissertation between the necessity of an inflated currency, the extreme pressure of the times, the low price of cotton, the propriety of farmers not impoverishing themselves in consequence of these combinations of circumstances, a phrenological view of man, his physical condition and his resemblance to his Maker, with a few slight references to the laws that should govern his jury in the consideration of the various questions that should come before them.

For the first time in some years, there was not a single capital case on the docket, but the criminal docket contained some 130 cases, with no doubt of a few of the criminals finding themselves in the penitentiary.

The crowd in attendance on both Monday and Tuesday was large, with less outside business transactions, however, than we have ever seen before, owing to the extreme stringency in the money market, which is felt most seriously by the good people of that whole cotton section.

Whilst at the Weldon Fair and in attendance upon Halifax court we had the pleasure of shaking the hands of many friends, and we could heartily wish them a more cheerful time than the present outlook can afford them.

PEDK THE REVENUE COLLECTOR OF THE SECOND DISTRICT DETHRONED—SIN BRINGS ITS OWN PUNISHMENTS.—Col. P. F. Perry, Supervisor of Internal Revenue on yesterday relieved from office as Internal Revenue Collector of the 2nd North Carolina Collection District Geo. P. Peck, whose cash account showed a deficit on examination of $6,509,37. Thos. B. Keogh, Esq., of Newbern has been appointed temporary Collector until the vacancy can be supplied by the regular appointment of Thomas Powers, of Newbern. We learn that Peck's bond is good for the amount and the government will not lose anything by the defalcation.

Poor Peck, his star has set, and henceforth he is sheltered with other carpet baggers of his ilk that have gone before. Not satisfied with the enormous emoluments of his fat posish, Estes like, he grabs for the whole pile, and then did not have sense enough to hide it.

Retire gracefully to your shelf Peck, and patiently await your opening for a foreign Mission.

MEETING OF THE GRAND LODGE OF MASONS.—As will be seen by an advertisement elsewhere in this morning's issue, the Grand Lodge of Masons of North Carolina convenes in this city on Monday the 1st day of December next, being the 87th Annual Communication of that body. Delegates will be passed over the various railroads and the Dismal Swamp Canal at half rates. The and it is believed that a full representation of all the lodges will be present.

ANOTHER OUTRAGE IN FAYETTEVILLE.—The most heinous crime that has yet been enacted in Fayetteville, was reported to us yesterday. A white man, whose name we did not learn, was committed to the county jail for the crime of rape upon a little white girl only three years of age. Our informant obtained the names of the parties, but lost the memorandum upon which his notes were written.

THE DAILY NEWS.

JORDAN STONE, Managing Editor.
SAM'L T. WILLIAMS, Political Editor.

FRIDAY.....NOVEMBER 7, 1873.

THE Republicans of Virginia have gone where "the woodbine twineth." It is not probable that they will again show their heads in that State. Glorious old Virginia still merits the proud name which she has worn for so many years.

IT IS difficult to tell the end of the present condition of financial affairs. It is evident that great suffering will follow this winter in every section, and more particularly amongst the laboring classes, although want may reach almost every class of citizens. It therefore becomes absolutely necessary that the greatest forbearance and charity should be extended on every hand, or else the disasters throughout the country will be more severe than we can even dream of.

EX-SENATOR HUNTER, of Virginia, wants Congress to partially reimburse the former slaveholders of the South for the loss of their slaves. President LINCOLN estimated the value of the slave property of the South at $400,000,000. This would be a snug little sum to be handled by the impoverished citizens of the South, but the New York *Herald* says that "if Mr. HUNTER thinks such a measure could be carried through Congress he must be afflicted with softening of the brain."

SENATOR RANSOM delivered another agricultural address at the Weldon Fair on Thursday last, in compliance with an engagement made some time since, and acquitted himself in the same elegant style and able and impressive manner that characterized his address at the State Fair. His large audience gave him the strictest attention, and we know they are profited thereby. The General has promised us certain extracts from his speech for publication, which will be read with especial pleasure by our lady readers.

Now that the Gubernatorial contest in Virginia is over, and the Conservative party has proved triumphant in this and in the election of its Legislature, the question of United States Senator to succeed Senator LEWIS will be considered. The name of Governor WALKER is at present the most prominent, and we should not wonder if the service he has rendered the party in the campaign just closed, and the general satisfaction he has given as Governor during the past four years, did not make him the successful candidate. There are many other prominent and good men in Virginia who are entitled to the consideration of [illegible] would do honor to Virginia in the Senate halls of the United States, and the contest is likely to be one of no little interest.

MANY of the Railroad companies of the country are suffering heavily from the severe money pressure that is now existing. In another column will be found a statement concerning the business of Tom Scott or the Pennsylvania Central, from which it will be seen that this immense corporation will be compelled to at least withhold from the farther grasping of railroads at the present time. The Chesapeake and Ohio Railroad Company will have to fund its entire floating debt in income bonds, to be paid out of the net earnings of the road. A difficulty exists over the road from Bristol to Chattanooga between the employer and employees, resulting from an effort to reduce the wages of the latter 20 per cent., and the trains were actually stopped temporarily, the engineers refusing to run the trains. Many other roads are reducing their expenses, and in many instances large numbers of hands have been discharged.

The Late Weldon Fair.

The managing Editor of this paper was in attendance upon the Fourth Annual Fair of the Roanoke and Tar River Agricultural Society last week, in the capacity of Secretary and Treasurer, only returning to this city yesterday. It was his intention to give full accounts of each day's proceedings at the time, but was prevented from doing so owing to the stress of other business, and will, at this late date, speak of the Fair briefly.

The exhibition in many departments surpassed that of any former year, more particularly in the horse and cattle departments, evidencing a vastly improved feeling in this line in Eastern Carolina during the last few years, a fact deserving of especial mention. The departments of agricultural implements was most thorough and highly creditable. Foral Hall was not so full as we have seen it, but the character of the articles in this line were more handsome and creditable than formerly. The weather throughout the week was most excellent, and the attendance was fully equal to that of any former year, being safely estimated on Thursday at 7,000.

The Fairs of this Society usually give entire satisfaction, and constitute the most pleasant gatherings in the State, the sturdy farmers and the young people of that entire section using the opportunity as an annual social gathering, productive of both pleasure and profit.

The Society did itself much credit this year in re-electing Mr. RICHARD H. SMITH, of Halifax, as its President, a gentleman in every way qualified to build up everything with which he may be connected.

The premium list of this exhibition will be published in our columns in a day or two.

THE Richmond *Enquirer* of Wednesday, has an able article on the present condition of affairs, which concludes as follows:

"The winter is almost here; it is always the severest season of suffering to the poor; and unless there is an improvement in the financial condition of the country, a relaxation of this oppressive monetary stringency, between now and then, there must be such privations among all our people who are dependent upon their labor for a living, as will amount to absolute want for the necessaries of subsistence. It will be worse at the North, much worse, than it can be here for there the people rely more upon the manufactories for support than we do, and if the factories close thousands of their best and bravest hard-working men and women will be thrown out of employment. But that is no consolation to us. It excites our sympathies, indeed, to think of it, and distress in business, stagnation in trade, idleness among industrious people for want of work there, produces a similar effect here.

We have nothing to suggest as an immediate remedy for this distressing state of affairs. It seems, indeed, to baffle human wisdom. But when Congress convenes in December, it is to be hoped that some salutary measure of relief will be promptly proposed and quickly put into operation. Perhaps before then the laws of trade, returning into their regular and easy agencies, will bring about a better state of things. Meanwhile it is obvious that there is an absolute and urgent necessity for forbearance on the part of everybody toward everybody, for the closest economy, for the people to place confidence in the banks, and for the banks to be as liberal as they can, consistently, with the people.

And, after all, when the monetary stringency in the country has entirely passed away, it may be, and we believe it will be found, that there is a better condition of affairs than there has been since the war; that prices are more in keeping with actual values; that there is a sounder basis of credit; that the atmosphere has been cleared by the storm, and that the country is financially healthier and really wealthier than it has been for several years past.

There is an abundance of everything but currency, and the currency has not been destroyed. It is locked up, but those who are hoarding it, will find that, like every other representative of value with no value in itself, it loses instead of gaining by being idle and inactive.

The Voice of the Late Elections.

The result of the elections on Tuesday last is especially gratifying and encouraging to those Americans who uphold the banners of a pure Democracy. The admirable result of those elections was to a great extent, not anticipated, and it was difficult at first to give utter credence to the joyful tidings. It seems from our telegraphic [illegible] has rolled back her fifty-five thousand Republican majority of 1872 and elected the Democratic State ticket; that Wisconsin for the first time in many years, has seated a Democratic Executive in her Gubernatorial chair; that the gallant Kemper has swept the Old Dominion with a majority of twenty thousand and that Gaston the Democratic candidate for Governor of Massachusetts has failed of an election by only ten thousand votes. In these four States there is a change, if the present reports are correct, of almost one hundred and fifty thousand votes, since the Presidential election of last year. We join with the Democratic press throughout the nation in hearty congratulations to all lovers of civil liberty at this healthy and timely reaction of public sentiment. True, our firm belief, that Radical mal-administration of the Government would at some time receive a check and an overthrow at the hands of the American people, has never been shaken, but we were not just now prepared to believe that the dark days of its vicious life were in all probability numbered. Our victory is, consequently, to us, all the more gratifying.

The main reason of this change in the Northern States seems to us of easy determination. The outrages of the Government upon the people of the South, perpetrated in the name of law, the suppression of civil government in Louisiana, the woful reign of the carpet-bagger throughout the Southern States and his wholesale assaults upon their treasuries, the chaos, the anarchy, the relentless political persecutions, the illimitable list of wrongs that have disgraced the present administration in its management of affairs in the States of the late Confederacy, have made but little impression upon the mass of the people North. It was to them merely an incident of the suppression of the Rebellion, and they continued to give their suffrages for the ascendency of the party that had "saved the Union." But the blundering and venal financial measures of the present administration which have culminated in the "panic" have touched them in their most tender point, their *pockets*. They see their trade paralyzed, their mechanics without work, their factories closing, and disaster and suffering in their own midst. They ask the cause of it all, and with one voice Grant and his party fall under swift condemnation. From first to last, from the trusted, not trustworthy, financial agents of the Government and their wicked dabblings in worthless railroad bonds to the glaring imperfections and inadequacies of the National Bank system, a war creation of the Republican party, the responsibility rests upon that party. They heard the prediction last summer coming from the lips of the identical Republican capitalists and bankers whose inexcusable failures have brought about the "panic," that if Grant was defeated, a crisis, such as this, would surely come. They see now that Grant was elected and yet these very supporters of his are responsible for the present crash. They do not understand it, and they desire a change.

We might go on with other reasons, but our lack of space forbids. We trust that these elections foreshadow a coming political revolution, and that as the correction of Government officials of high and low degree, in the disaster that now afflicts us all, comes into light more clearly, and the responsibility of Grant and his administration is brought home to the people more closely, the strength of this revolution will become more and more vigorous and patent, until it sounds the deathknell of Radical misrule, establishes an honest Government and restores to the nation an administration that will guard the Constitution and foster civil liberty.

On account of the death of Col. Biddle, the Philadelphia *Age* establishment, the only Democratic newspaper in Philadelphia, is now advertised for sale.

The Georgia State Lunatic Asylum has 780 patients and 570 applicants for admission. Notice will soon be given that no more patients will be admitted.

MERCHANT TAILOR.

"THE APPAREL OFT PROCLAIMS THE MAN"

is one of the wise sayings of the immortal Shakespeare, and no man ever uttered a more truthful sentence.

WEIKEL,

The Merchant Tailor,

SPECIAL NOTICES.

BILIOUS.—If you feel dull, drowsy, debilitated, despondent, have frequent headache, mouth tastes badly in morning, irregular appetite and tongue coated, you are suffering from Torpid Liver or "Biliousness." In many cases of "Liver Complaint" only a part of these symptoms are experienced. As a remedy for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it effects perfect cures, leaving the liver strengthened and healthy. Sold by all first-class druggists.

How unnecessary the anguish many persons undergo from rheumatism, gout, neuralgia, toothache and earache. We say unnecessary because the application of Mexican Mustang Liniment to the affected part, or a few drops of it in the ears or tooth, affords instantaneous, and what is better, permanent relief. For cuts wounds, bruises, swellings, and all injuries or diseases which require treatment externally, this liniment is everywhere regarded as the most potent and reliable healing agent in existence. For all external injuries or ailments of horses and cattle, it is infallible.

His Honor, HENRY POTTER, late Judge of the United States Court for the District of North Carolina, gave the following as his opinion of Beckwith's Pills:

"For some ten or twelve years past I have been in the habit of using DR. BECKWITH'S ANTI-DYSPEPTIC PILLS in my family, and consider them so valuable a domestic medicine, that I never suffer my stock to be exhausted. I have used them with good effect in dyspeptic cases, under various modifications, and have found them efficacious in relieving from Sick Headache, and from all the usual symptoms of functional derangement of the viscera. As an aperient, they are excellent. I have long had the pleasure of an intimate acquaintance with the inventor of these Pills. He is a gentleman of talents, integrity and worth, and he ranks high in the science of medicine and the healing art.

H. POTTER."

THE DAILY NEWS.

FRIDAY.....NOVEMBER 7, 1873.

NORTH CAROLINA.

A new bank building is being erected in Wilson.

The fall term of the Superior Court for Halifax county is in session this week, Judge Watts presiding.

The steamer Isis is now making regular trips over the Roanoke from Weldon to Norfleet's landing.

The Wilmington Fair is to have a Gift Concert, and the managers are meeting with muth encouragement.

Capt. W. W. Davies, late conductor on the North Carolina Railroad, has been appointed Superintendent of the Spartanburg and Union Railroad.

The Charlotte *Observer* is responsible for the story that a catfish, two inches long, was found in an oyster shell in that place a few nights since.

The U. S. District Court, Judge Brooks presiding, is in session in Wilmington. A Sampson Ku-Klux case was transferred to the U. S. Circuit Court.

The condition of Capt. Morrison, of the Carolina Central Road, is reported to be very encouraging. His many friends wish him a speedy recovery.

Articles are being entered daily for the Charlotte Fair, which begins on the 25th inst. The *Observer* says that the Fair Grounds and buildings are in thorough good order and nothing is wanting.

The farmers in the Eastern portion of the State are experiencing much difficulty in having their cotton picked out. Labor is scarce and cannot be commanded by many because of the money pressure.

A correspondent of the Wilmington *Journal* thinks the purses for running and trotting at the Weldon Fair too low, and advises the managers to improve upon this next year in order to draw good horses.

The Durham *Tobacco Plant* is responsible for the following: "Necessity will force a man to commit most any act. We saw a young man, last Monday, rob a little negro of five cents to replace a nickel he had borrowed to purchase a ring for his lady love. Truly, these are hard times."

Says the Charlotte *Observer*: "We learn from Capt. J. C. Andrews, the gentlemanly agent of the Atlanta and New Orleans Short Line, that, at a meeting held in Atlanta on Friday, arrangements were perfected by which a through passenger and mail line will be run between New York and New Orleans. Under this arrangement, all trains will connect closely, and passengers will not be placed under the necessity of laying over. The new arrangement will go into effect on Sunday next."

Says the *Roanoke News*: "A very poor white man, named J. W. Parker, came to Rocky Mount on the cars just from Newbern on Friday last under charge of officer Dwellers, bound for Tarboro jail, to serve a term of six months and pay a fine of $1,000, for retailing tobacco without license, in Pitt county. Mr. Parker has a wife and four small children dependent on him for support; besides he is a cripple. He was tried and convicted before his Honor Judge Brooks. This is really a pitiable case."

A correspondent of the Wilmington *Journal* thus speaks of the third day of the Weldon Fair held last week:

"On the third day of the Fair (Thursday) the attendance was at least seven thousand. I made as careful an estimate as I possibly could, and I am sure that I have not gone beyond the mark in the number stated.

At one o'clock Major Jesse J. Yeates introduced General Ransom, the Orator of the day, in a few exceedingly happy remarks, which elicited hearty plaudits. I have noticed a recent attack on Major Yeates, especially impugning his fealty to the Democratic party. I have known the Major ever since his first appearance at the bar, and a more consistent Southern man I have not met with. If he has ever faltered in his fealty to the Conservative party of North Carolina, the fact has not come within my knowledge. I know him to be a man of genuine ability, kind and generous to a fault, and I believe him to be politically, and otherwise, worthy of the highest confidence.

General Ransom had an audience sufficient to inspire any man. Seated on the platform from which he spoke were a number of graduates of Chapel Hill, as well as many other gentlemen of high intelligence. On the ground were thousands of our best citizens, covering an area over which the voice of an O'Connell only might reach, while Floral Hall in front of him was] crowded with matrons and maidens embracing the highest cultivation, grace and beauty of the Roanoke and Tar River country, with accessions from Norfolk, Petersburg and other parts of Virginia. Then too, Hillsboro and Raleigh had their representatives, charming young ladies, of the most polished, yet most unaffected, manners—of such come the highest type of Southern womanhood.

General Ransom's speech fully sustained his reputation, and no higher praise can be awarded to it. It was a finished and scholarly production, statesman-like and eloquent, and although delivered without notes, expressed throughout in classic English. With a little time for preparation, General Ransom can clothe his ideas in as pure English as any public man of whom I have any knowledge, and, should he have a fair opportunity, he will attain the first rank among the speakers in the Senate of the United States. At the close of his address he was warmly congratulated by many of the audience.

The attendance on the fourth day was estimated at twenty-five hundred persons. When we consider the financial distress which now so generally prevails, the success of the Fair must be regarded as extraordinary, and bears flattering testimony to the efficiency of the distinguished President and other officers of the Society.

DEATH OF A JOURNALIST.—Capt. Joseph M. Gardner, formerly editor of the Christiansburg, Va., *Southwest*, and a lawyer of ability and eminence, died at that town on Thursday last, after a painful illness.

An Italian girl of twenty has been sentenced at San Francisco to thirty years imprisonment for highway robbery, and one of her victims offers to marry her if the judge will suspend the sentence.

Tom Scott's Difficulties—The Condition of the Pennsylvania Railroad.

Whether the numerous rumors afloat concerning the Pennsylvania railroad are true or false it is difficult to ascertain, but it is certain that the disappointment of many people who, with the coming of November, failed to find in the recent card issued by the company any allusion to the regular semi-annual dividend of five per cent. is very great. It is useless to deny that there are many anxious minds about Third street, and that with them this one subject excludes every other. It is true that the company have the whole of the present month to make their statement, but it is equally true that assurance of the semi-annual report have been made hitherto at a time corresponding with the present, so that the whole difficulty now rests in the fact that the people are disappointed, because they expected something which did not come. The extueme reticence of the prominent officials of the road and their absolute refusal to answer all questions which, if replied to, would set the minds of the people at rest, only feeds the flame of rumor, and urges the public into such a strait that they have already begun to anticipate the worst. Your correspondent was assured this morning that it was as difficult to approach Colonel Tom Scott as it was to gain an audience with the Queen of England, and that newspaper men could neither directly nor indirectly obtain a single word from him. Although this statement is in a great measure true, and although the result of any interview with the vice-president is seldom worth the trouble undergone to secure it, your correspondent sought the office of Colonel Scott to-day and sent in his card. He simply stated on the card that from the many disparaging rumors afloat he desired to learn and publish the truth. Colonel Scott sent out his private secretary, and the following is the result of the interview:

I stated that a rumor had been started to the effect that the president and vice-president of the road held contrary opinions concerning the announcement of the regular semi-annual dividend, and that such a rumor had already appeared in the papers. The gentleman said that he had heard it, but that such was not the case. He stated, moreover, that the semi-annual dividend was not usually declared upon the 1st of November, but later in the month.

I asked him whether I could state that the dividend would be declared at all, assuring him that the people were troubled with the conflicting stories which they heard and were anxious to learn the truth. The gentleman refused to give me any information one way or the other upon this point. He said that neither of the boards had met yet, and that they had all the month to work in. He would not, of course, state whether the dividend would be in cash or in stock; in a word, he stated nothing at all, gave no assurance, offered no encouragement.

The interview accomplished nothing. Colonel Scott himself would not be seen, and there was no other measure left than to go back to the street and try to solve the rumors floating there.

At the time of this writing the stock of the road is selling very low, the difference between 61 and 45 indicating its depreciation since the panic.

What ground there is for the disparaging stories heard on every hand but few can tell; still that they are current among parties who are presumed "to know a thing or two" no one can deny.—*Philadelphia Dispatch to New York Herald.*

A negro mob in Petersburg on Monday night did a good deal of damage by hurling stones through the windows of stores and private houses. In many instances the citizens were severely hurt by these missiles.

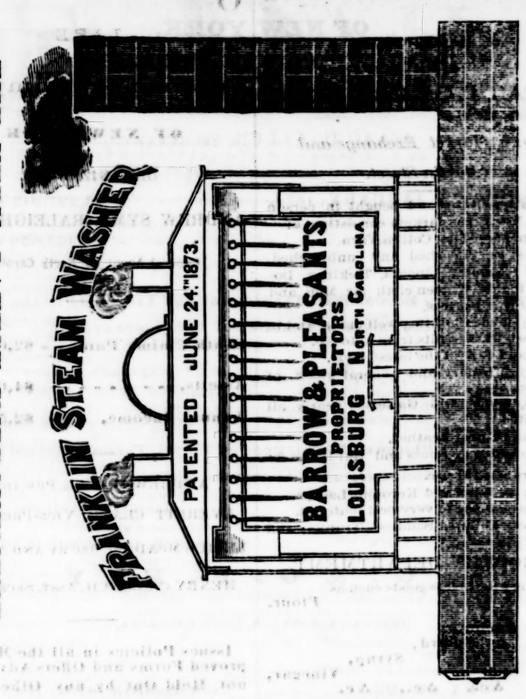
THE VERY LATEST IMPROVEMENT.



PATENTED JUNE 24TH, 1873.

Satisfaction Guaranteed in Every Instance.

OTHER MACHINES HAVE THEIR PECULIAR MERITS—THIS HAS NO DEFECT.

The Washing of a Family of Ordinary size Easily Accomplished before Breakfast!

Have Never Known One That Failed to Give Satisfaction!

No other Machine can be sold after the "FRANKLIN" has been Tried.

From One to Two Thousand Dollars a Year Guaranteed to Working Men!

Every County Sold in Which it has been Introduced.

WE CHALLENGE THE WORLD TO COMPETE WITH IT!!!

The Inventor of the "FRANKLIN STEAM WASHER" was owner of the right to manufacture the "Improved" Woman's Friend in certain territory. While manufacturing these machines, and watching attentively their action and the manner in which they operated, and the results, he discovered certain prominent defects, therein. He spent ten months in the study of the subject of finding remedies for these defects. He has at last succeeded—and as the result of his investigation and study, he offers to the public the "FRANKLIN STEAM WASHER," which is by far the best Washing Machine ever patented. We claim as an evidence of its merit that "LETTERS PATENT" were granted over all others.

It will wash anything from a Lace Collar to a Bed Blanket. It will cleanse the clothing without tearing and more thoroughly than can possibly be done by hand labor or the use of the rubbing board. With one-fourth of the labor four times as much can be done in the same length of time as can be done by hand. We could publish columns of certificates of its worth from those who have used it, but for the present we prefer the WASHER to speak for itself. We give a few below:

Messrs. BARROW & PLEASANTS, LOUISBURG, September 27th, 1873.

GENTLEMEN:—Mrs. Davis has tried the "FRANKLIN STEAM WASHER" and instructs me to say, in reply to your enquiry, that she is well pleased with it, and believes it to be all that you claim for it as a labor saving Machine. It does its work well and diminishes, by more than half, the labor of washing. She cheerfully recommends it.
JOSEPH J. DAVIS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 10th, 1873.

GENTLEMEN:—Before purchasing your Steam Washer, I paid four dollars per month for our family washing; now without any additional help, I have the washing done at home and pay fifty cents a week to have the ironing done. In this way I save $2 per month, and my clothes are much whiter, and I am satisfied, will last much longer than when washed by rubbing or the use of a board. It is all that you recommend it to be.
Very respectfully, Mrs. C. M. COOKE.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 11th, 1873.

GENTLEMEN:—I am using your Steam Washer, and it proves a success and I take pleasure in recommending it to the public, and testify to its being all that you represent it to be. Very respectfully, Mrs. P. B. HAWKINS.

Messrs. BARROW & PLEASANTS, LOUISBURG, September 8th, 1873.

GENTLEMEN:—I have been using your Franklin Steam Washer for some time and can safely say is far the best I ever saw. I cannot do without it. Mrs. A. W. WILSON.

Messrs. BARROW & PLEASANTS, FRANKLINTON, September 9th, 1873

SIRS—Mrs. Gibbons has been using your "Franklin Steam Washer" for two weeks and pronounces it a grand success. Rev. H. H. GIBBONS.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 4th, 1873.

GENTLEMEN:—I take pleasure in recommending your "Steam Washer." I acknowledge myself to have been incredulous with regard to yours, after having tested several others that had been as highly recommended to me; but the inconvenience to a large family, of not being able to get a good washer, regularly induced me to give yours a trial. I am gratified to pronounce it a perfect success. I used it according to directions, and did two week's washing in two hours, nor did I give the first RUB. Whiter or more nicely washed clothes, I have never had. It only needs a trial to convince.
Respectfully, Mrs. W. H. FURMAN.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 12th, 1873.

GENTLEMEN:—Through the kindness of your agent, Mr. J. J. Person, I have tried your "Steam Washer," and find it by far the best I ever used. It certainly saves a great deal of hard labor and does not damage the clothes. It is all that you recommend.
Respectfully, Mrs. Dr. J. B CLIFTON.

Messrs. BARROW & PLEASANTS, LOUISBURG, June 30th, 1873.

DEAR SIRS:—I take pleasure in testifying, that I have used your "Steam Washer," with perfect success, and find it by far the most speedy and effectual mode of cleansing all kinds of fabrics I have ever known,
Very truly, Mrs. Dr. W. R KING.

Messrs. BARROW & PLEASANTS, LOUISBURG, August 5th, 1873.

GENTLEMEN:—My wife has been using the "Franklin Steam Washer" for some time and she, as well as the washerwoman, are highly pleased with it.
Very truly, ELLIS MALONE, M. D.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 3rd, 1873.

GENTLEEN:—I have used the "Steam Washer" I purchased of your agent, Mr. J. J. Person, and find that it will do more than you recommend. We are more than pleased with it. Respectfully, S. E. COOK.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 30th, 1873.

SIRS:—I take pleasure in recommending your "Steam Washer." It is a complete success. My clothes are whiter than ever before, and that without labor. A very short while with the "Washer" will save a hard days washing.
Yours truly, Mrs. T. C. HORTON.

Messrs. BARROW & PLEASANTS, LOUISBURG, July 24th, 1873.

GENTLEMEN:—I have been using the "Steam Washer" about one month. It surpasses my expectations; it is all that you say for it. I am highly pleased.
Yours truly, Mrs. T. A. PERSON.

Messrs. BARROW & PLEASANTS, WARREN COUNTY, Sept. 15, 1873.

GENTLEMEN:—I have tried your Steam Washer, and find it an admirable success. I cheerfully recommend it to all.
Respectfully, Mrs. Dr. GEO. FIELD.

Messrs. BARROW & PLEASANTS, FRANKLIN COUNTY, Sept. 3, 1873.

GENTLEMEN:—I have used your Steam Washer with perfect success I find it a great saving of the clothes, time and labor and more than half the soap.
Respectfully, Mrs. J. B. LITTLEJOHN.

Messrs. BARROW & PLEASANTS, SHADY GROVE, Warren County, Oct. 1, 1873.

GENTLEMEN:—I have tested the Franklin Steam Washer, sold in this county by Mr. G. F. Littlejohn, and find it a perfect success, and I recommend it to everybody.
Yours with respect, Mrs. J. A. WILLIAMS.

OURSELVES AS OTHERS SEE US:

"We take pleasure in saying that the "Franklin Steam Washer" is all that its proprietors claim it—a complete success. We hazard nothing in saying that nothing has ever been put upon the market that meets with such universal favor. We are yet to hear of the first one that does not give entire satisfaction.—Louisburg Courier.

"It is meeting with universal and unprecedented favor among domestic circles."—Rocky Mount Mail.

"Messrs. Barrow and Pleasants constitute one of the strongest and most reliable firms in Louisburg, and from what we have heard of the "Franklin Steam Washer" and the high character of the parties controling it, we have no doubt but that it is all that they represent it to be."—Biblical Recorder.

"The patentees claim for the "Franklin Steam Washer" a superiority over all others, and from the description we have had of its workings, we believe its claims are well founded."—Christian Advocate.

"We have known Messrs. Barrow and Pleasants from "our youth up," and know they would not recommend anything unworthy of patronage. They are leading merchants in Louisburg."—Asheville Citizen.

We have acquired by purchase of the Patentee, Mr. S. W. Bartholomew, the sole right to manufacture and to sell the right to manufacture the "Franklin Steam Washer" within the United States and Territories.

We now offer the "Franklin Steam Washer" to the American people with full confidence that it will do all that we claim for it, and in order to introduce it as rapidly as possible, we are offering great inducements to working men who want to make money; we will sell State or County rights on very reasonable terms; for instance, we will sell the right to a county with ten thousand inhabitants for one hundred dollars. Within twelve months, if properly managed, the person can sell from three to five hundred Washers, at a profit of five dollars each, and his right will be worth more at the expiration of that time than it was at first, from the fact that it has been introduced and will sell in almost every family.

To parties wishing to buy State or county rights, we will, send, on receipt of five dollars, just one-half of the retail price, the "Franklin Steam Washer" complete, with instructions how to use, &c.; and after satisfying themselves that it is what we recommend it to be, they can correspond with us in regard to territory wanted, our terms, &c. We desire a good reliable General Agent in every State in the Union, and we invite correspondence with workingmen who would like to make money. None need apply who cannot furnish satisfactory evidence of their integrity and reliability.

Any tinner can make the "Washer," or parties buying county rights, can obtain them through us at cost.

All persons are warned against manufacturing or selling the "Franklin Steam Washer" without authority from us. Any person infringing upon our rights in this matter will be prosecuted.

☞ Our Mr. PLEASANTS will have rooms at the Yarborough House during Fair week and will give any information desired.

TO ALL WHOM IT MAY CONCERN:

We are well acquainted with Messrs. Barrow & Pleasants; as merchants they are doing a leading Business in their town. They are men of strict integrity and in every way reliable and responsible. They do what they engage to do.

Claflin & Co.

The New York *Tribune* of Tuesday gives the following concerning the affairs of CLAFLIN & Co:

"The best news of the day is that which we print this morning in regard to the statement yesterday made by the house of Claflin & Co. to their creditors. It is an exhibit of which any house might well be proud. Their entire liabilities are $15,584,000, and their good and available assets are $22,509,000, thus leaving the ample surplus of $6,924,000, which does not include the private estates of the partners. It will be seen that a perfectly satisfactory arrangement has been made between the firm and their creditors, by which their affairs are restored to an entirely normal position. It will not be necessary for the associated banks to adopt any measures of relief, though it is no secret that any amount of assistance which was required would have been promptly given.

It is no exageration to say that the whole community was interested in the welfare of this great commercial house. It has gained the high position it occupies by a course of distinguished enterprise, sagacity, and probity, and its momentary embarrassment arose from no fault of system, and from no circumstance which could have been provided against. Its fall, if such a thing had become inevitable, would have been a national disaster, and if suffered to take place when it could have been prevented, would have been a public crime. While the firm of Claflin & Co. deserve the highest credit for the resolute and energetic stand they made to avert this calamity, it should not be forgotten that their creditors showed equal good jungment and good feeling in resisting all suggestions of panic, and taking the course which, while saving the credit of the house, averted general disaster, and was, after all, the shortest and best way to their money. A little common sense on such occasions is of great service.

There is a report in London that Dr. Livingstone is held a prisoner in Central Africa by a tribe which demands a heavy ransom.
